

Global POWERPLAY in OPTICAL COATINGS and SOLUTIONS

Upcoming Events

Defense and Commercial Sensing, Orlando, May 02 - 04, 2023

SPIE Defense + Commercial Sensing 2023 Exhibition is the most important sensing, imaging, and photonics show for defense and security communities. It is held in Orlando, FL from May 2 - 4th. Attendees are interested in the latest optical components, photonic sensors, infrared technologies, laser systems, imaging, robotics, fiber optics, cameras, and more. We are excited for the opportunity to be an exhibitor and demonstrate we are a recognized leader in the industry. Visit us at booth # 524. [Learn more](#)

Laser World of Photonics, Munich, June 27 - 30

Visit us at Laser World of Photonics in Munich! The 26th International Trade Fair and Congress for Optical Technologies – Components, Systems and Applications. We have the pleasure of welcoming you to our Materion Balzers Optics booth # 311 in Hall B1. We look forward to welcoming you as our guest. [Learn more](#)

Review OST Buchs and Pittcon

On March 14, we were one of over 70 companies from the Rhine Valley region that took part in the HR trade fair for skilled workers at the University Campus OST. We had the opportunity to inform interested young people about our products and employment conditions, and we look forward to connecting next year.

Nicolas Seitz, Markus Findeis and Amra Mahmuljin

Steffen Capello and Robert Cuzziere

We also had a booth at the Pittcon tradeshow that was held in Philadelphia, PA, US, from March 20-22nd. We networked with great colleagues and got to know what was new in the fields of order sorting filters and endoscopy.

Business Development News

Our new Global Head of Business Development

Robert has worked in the photonics industry for over 25 years and has been responsible for the Life Science Market Segment at Materion Balzers Optics since 2021. He has contributed at Materion in Westford MA, as an Applications Engineering Manager, Director of Business Development, then as the Business Director for optical components manufactured in our Shanghai, CN facility. Robert spent his early career in various Engineering and Operations roles. His knowledge and experience are a vital part of the team, and we are excited for the future!

Robert Cuzziere
Head of Business Development
